

1. Erased 1st half and 2nd half. I added them back and now the gallery and pictures are not showing

ANS: we have done the change now slides are showing and it's a request that please don't delete the sliders just add and remove images from them because every time when a slider delete and created again with same time the new slider have different ID .

2. The breaking News part at top was in red. The rest if sentence was white. When I changed rest of sentence. All letters became white.

3. Can the site be made mobile friendly?

Yes,

4. Every time I upload a player picture does it show on bottom of site?

Players picture are showing on the home page (we tested it) where else it is not showing

5. How do I change "big impression " words on homepage

To change BIG IMPRESSION word just go to this link

[clickhere](#)

7. How can I make the player list inside the matches. Sort by name instead of the number.

To sort players just click no the column heading
